INSTALLATION QUESTIONS? CALL TECHNICAL SUPPORT AT 1-800-798-0813

English

1. Remove felt liner under the dash by removing two plastic fasteners holding it in place (A). Under the felt liner locate the vehicle's electric brake control harness connector. The connector will be located underneath the dash and left of the steering column, attached to the top of a junction box (B).

2. Plug the brake control adapter into the vehicle electric controller connector.

3. Plug the remaining connector into your Curt brake control.

4. Complete the installation and perform the setup procedure per the Installation and User Guide supplied with the brake control.
